5. AUDIENCE FAX - EXPLANATORY:

Web Site Usage Explanatory:

Scope of Verification:

We have performed sufficient tests of the readership study (print, online and net unduplicated) to be satisfied that the study was conducted in accord with Audit Bureau of Circulations Reader Profile Standards. These standards can be found at <http://www.accessabc.com/pdfs/telephonestandards.pdf>. Verification of the Web Site Usage data included a review of the domains represented to be associated with the member newspaper's website and, for server based measurements, such other tests as deemed appropriate to confirm compliance to ABCi definitions and standards. This verification does not include ABC participation in the publisher's choice of data provider for web site usage statistics nor should it be construed as an endorsement by ABC of the methodology or technologies used by the data providers.

Web Site Usage Definitions:

Total Unique Users/Cookies: This site uses the cookie-based method to measure unique users. If cookies are not accepted, then the IP address & user-agent in combination based method is used to measure unique users.

Page Impressions/Views: The combination of one or more files presented to a viewer as a single document as a result of a single request received by the server.

To Members of the Audit Bureau of Circulations:

We have examined the circulation records and other data presented by this publication for the period covered by this report. Our examination was made in accordance with the Bureau's Bylaws and Rules, and included such tests and other audit procedures as we considered necessary under the circumstances.

In our opinion, the total average circulation for the period shown is fairly stated in this report, and the other data contained in this report are fairly stated in all respects material to average circulation.
